

Teacher Advisory

Each student will have two staff members as teacher advisors for the 4 years they attend at the college. These staff members will act as mentors and advocates for the students in their advisory.

Teacher advisory will be the first 20 minutes of the day for every student.

This time will be an opportunity for students to engage in activities to support growth in confidence, resilience and social & emotional development. This time will also be used for career pathway activities and the coaching of learning strategies.
